Greetings Future Scholar and Family,

“A true classical education is not complete without developing a student’s character. The goal of classical education is to create philosophers, true lovers of learning, who seek to improve their world just as they have improved their minds. At RPA, we employ eight character pillars in the spirit of Plato who believed that a successful education was one that causes a student to fall in love with virtue.”

Welcome to Renaissance Public Academy!

We are pleased you have chosen our wonderful school as the next step in your education! We view this important choice as a partnership between us, and hope you and your family are as thrilled as we are to begin this journey with you!

On behalf of the RPA Community, we welcome you and hope you have an amazing experience with us!
