This is a “starter list.” Replacements or additional materials may be needed during the school year.

- Binders. Your student will be required to keep a binder or a binder section for each subject (math, composition, literature, science, history, and music/art). We recommend one binder for each subject, but no more than two subjects per binder. We will not accept trapper keepers, notebooks, briefcases, or file folders as a form of organization. Binder organization will be checked routinely during the school year. Please, no giant binders as they are bulky, heavy, and tend to fall apart easily.
